

## **Fly with Birds**

**CEE Summer 18 offers a programme to explore the world of birds and become a bird watcher!**

The programme aims at introducing the participants to the world of birds. You will learn the art of watching and observing birds and the tools for identifying them.

How did these winged wonders evolve and adapt to varied conditions? What are their habits and habitats? How do they migrate to places thousands of kilometers every year, flying tirelessly over oceans and mountains?

The programme will be a mix of lectures and outdoor sessions. The last day will be a field trip where participants will practise what they have learnt in the course.

The programme is open to all – children above 5 as well as adults
