

## **Walk with Plants**

**CEE Summer 18 is all set to unveil some of the most intriguing facts about the plants that we see in our surrounding.**

Through many interesting, fun-filled activities and games, you will get an idea of the plant kingdom, and will get to see many complex structures of plants, differences as well as similarities, birth and death of plants. Death? A dead tree is not dead!

The world of plants is amazing. Plants are the primary producers on our earth, the main source of our existence. They help us breathe, eat, cure, and build our shelters.

The programme “Walk with Plants” will take you on a 3-day journey to observe and learn little known stories of plants.

The programme is open to all – children above 8 as well as adults.
